

What if your Exhibit Budget says Rental, but your Branding, Image, Taste shouts More.

Rental exhibits usually mean vanilla, but not Triad rental exhibits. Not from the exhibit company with 23 Best-of-Show awards including 7 in the past 5 years. These are one-of-a-kind, custom-designed rentals for a cost comparable to online vanilla choices. Taste matters. We're talking multiple flavors that exude image-building, clutter-breaking pizzazz to sell your brand and product or service. Triad can customize any rental with graphics, branding, large format and electronics with optional total turnkey services including carpet, furniture, I&D and transportation. One comment never heard from a Triad exhibit is "I-scream rental."
